

Pre-Event Activity Guide

WorldSkills Ireland Recap Video

WorldSkills Ireland 2022 was a huge success where over 16,000 students, teachers and parents attended. This year, we have over 30,000 visitors registered to attend.

Play this video in class with your students before your planned visit to WorldSkills Ireland 2023.

Read our Digital Event Preview with your students and share with their parents

With so much to experience and discover at WorldSkills Ireland 2023, it can be overwhelming when students first arrive. Proper preparation is crucial to

ensure your students get the most out of this amazing opportunity. That is why we put together a Digital Event preview which can be found [here](#).

WorldSkills Career Personality Quiz

The WorldSkills digital quiz measures and analyses personalities, as well as provides information about jobs that are most interesting for young people to build their career.

The Quiz takes less than 10 minutes. Students can tell us about their skills, what they like to do, and then they can discover jobs which that might interest them and match with their personality and skill sets (current or future). It's a fun quiz which can help your students get to know themselves better and can be shared with friends.

Results will be anonymous unless decided to share them with friends. The input collected through this quiz will also remain anonymous.

Print the QR Code for the Career Personality Quiz, see end of document.

WorldSkills Ireland 2023 Floorplan

Review the event layout before your arrive to WorldSkills Ireland 2023 online [here](#) which is live and interactive. You can zoom in and out and have a look at all of the exhibitor lists across the entire event. If you prefer to print this out, we have it included the flooplan below:

WorldSkills Ireland 2023 Treasure Hunt

This year, we are running a pilot WorldSkills Ireland 2023 Treasure Hunt. This is a fun way to ensure your students stay engaged, make their way around the entire event and as a bonus, be in with a chance of winning some spot prizes as well as €1,000 for their school. We are giving away €3000 in total to 3 schools, one winner each day. The winning school will be contacted, and an announcement will be made on social media at the end of each day.

How it works:

Students can register to participate in the Treasure Hunt when they arrive to WorldSkills Ireland 2023 using their mobile phones. A Registration QR code can be scanned, or a SMS text can be sent to receive a registration link. Once registered to play, students will then receive another SMS with the link to start playing!

Note: On registration for the Treasure Hunt, students will be asked to enter their phone numbers, select their schools from the drop-down link and to enter their names. All of this information collected during the registration will be deleted once a winner is decided each day. From these questions, we will be

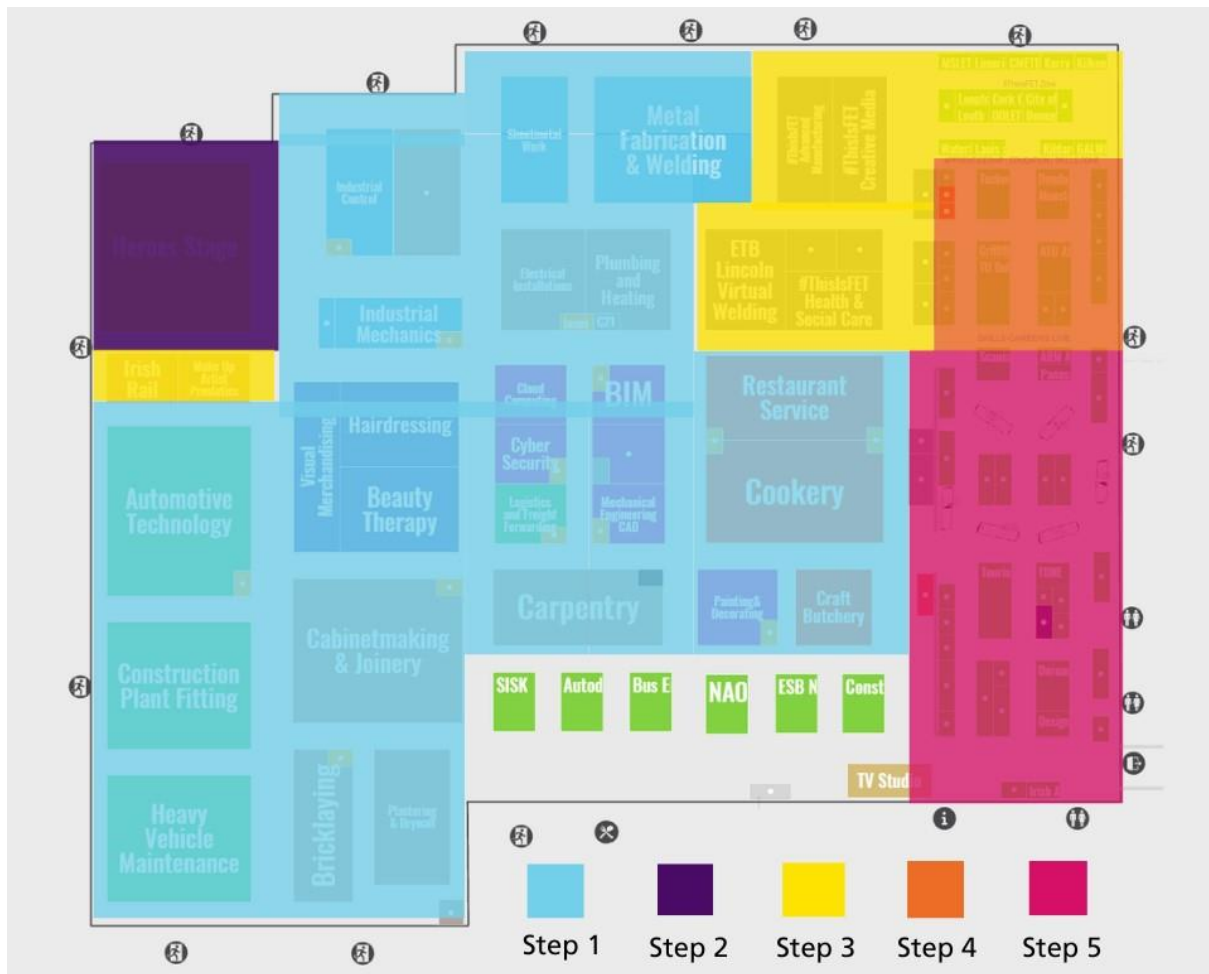

able to identify the school in which the winner is from and contact the teacher/guidance counsellor who made the school booking.

There are 5 steps to complete the Treasure Hunt, with each step requiring students to find a 'image icon' in various Zones across the event.

1. **Competition Zone** – Pick your favourite Competition and find the Trophy Image icon at that competition.
2. **Heroes Stage** – Find the Heroes Stage and locate the Microphone Image Icon
3. **#ThisIsFET Zone** – Pick your stand or skill area in the #ThisIsFET Zone and find the # Image icon on that area to scan.
4. **Educators' Zone** – Pick your favourite stand in the Educators' Zone and find the Graduation Hat Image icon on that stand to scan.
5. **Careers' Zone** – Pick your favourite Stand in the Careers' Zone and find the hand shake Image icon on that stand to scan.

Once all 5 steps are done, the Treasure Hunt has been completed and their entry to win the €1000 is submitted automatically!

Clue: Zones where the image icons can be found are highlighted in the designated colours below. BEST OF LUCK!

If you have any questions regarding any of these activities, please email us on info@worldskillsireland.ie
